Programme Description

Systemic Team Coaching® drives powerful change at individual, team and organisational levels. This 3-day experiential programme explores how to coach teams to consider both their internal dynamics and external stakeholders, working with the connections and influences within and outside the team. Examining both internal and external aspects, the programme provides a valuable way of supporting teams to improve their productivity and performance and therefore realising their full potential.

Completion of Systemic Team Coaching® Certificate is required for entry to the year long **Diploma** programme.

Target Audience

This programme is suitable to those who have experience in facilitation, coaching and developing teams or who have worked in organisational development.

People on previous courses have included:

- Managers or team/group leaders
- Human resource, training and talent development professionals
- Organisational consultants
- Chief executive officers, business owners and employers
- In-house and independent executive coaching professionals

Accreditation

Completing the programme grants the Systemic Team Coaching® certification, which offers 19 ICF CPD credits (3 for Resource Development & 16 for Core Competency).

Benefits

Develop a team coaching practice using a systemic approach to manage and motivate teams in a period of change and uncertainty. Gain practical knowledge and skills that can be applied to real-world situations. Increase your professional development with the Academy of Executive Coaching Certificate and ICF CPD credits.

What You Will Learn

The core concepts of Systemic Team Coaching® – this certificate level programme introduces you to the key skills involved in the Systemic Team Coaching process. You will gain an understanding of the Hawkins’ Five Disciplines model and its application to team coaching.

How to structure team coaching projects using Systemic Team Coaching® – the hands-on practise will enable you to work with live experiments so that you explore the nature of team and group functioning and how to apply some of these in practice.

The importance of ‘Self as Instrument’ in the Systemic Team Coaching® role – physical senses, intuition, body as data collector and sense-maker.

How to use and apply the Team Connect 360 diagnostic tool in client work – you will be licensed to use the tool and gain experience of interpreting a TC360 report.
